

ONLINE CONSULTANCY & ONE TO ONE SUPPORT PACKAGE

PRICE LIST

STANDARD

£300.00

4 consultation hours - one to one online support*

Includes one hour outside class prep of support materials and outside class questions & support after each session.

PREMIUM

£600.00

8 consultation hours - one to one online support*

Includes two hours outside class prep of support materials and outside class questions & support after each session.

GOLD

£720.00

10 consultation hours - one to one online support*

Includes 2 hours outside class prep of course materials and outside class questions after each session.

Guidelines:

- Full payment must be completed before the consultation package commences.
 - We will have already discussed the required support and scheduled session dates and times.
 - To make the most of our time together, please share your session topic or assistance needs at least 3 days before each session. This will enable me to prepare materials and information so we can make the most of our time together.
 - Online CAD support will be conducted via TEAM VIEWER, allowing us to view each other's screens for guidance.
 - I will offer email support after each session to address any questions about the previous session.
-
- For any questions, please reach out to onitnotinit@mail.com.

You will need to download teamviewer for online CAD sessions (available free online) before our session begins.
